

## TECHNICAL DATA SHEET

# DEGREASING SOLVENT

REVISION DATE: November 2020

(Supersedes all previous publications)

### PRODUCT INFORMATION

PRODUCT DESCRIPTION	A solvent based heavy-duty degreaser.
PRODUCT USES	An all-purpose heavy-duty cleaner to remove grease, soot and oil from metal, concrete and miscellaneous surfaces. Suitable to remove the oily layer from off-shutter concrete and degreasing new or previously painted concrete floors.

### TECHNICAL INFORMATION

TYPE	Solvent with emulsifying capability.
APPEARANCE	Clear yellowish liquid
SPREADRATE	8 -10 m <sup>2</sup> /ℓ (Depending on surface porosity)
FLASH POINT	38°C
PACK SIZE	1ℓ, 5ℓ and 25ℓ
STORAGE	Store away from direct sunlight, heat and severely cold or damp conditions. Ensure that containers are properly sealed before storage.

### APPLICATION DETAILS

APPLICATION METHOD	Brush
THINNING	Do not thin
CLEANING OF EQUIPMENT	Water
SAFETY PRECAUTIONS	Ensure good ventilation during use. Keep out of reach from children. Always wear the appropriate protective clothing during product handling and application (i.e. Plastic gloves, proper eye protection, footwear and clothing) In case of skin contact, wash with ample water. In case of eye contact rinse immediately with running water and seek immediate medical attention. Harmful if swallowed, do not induce vomiting and seek medical attention. Refer to Material Safety Data Sheet on our website for more detailed safety information.

---

## APPLICATION

---

Apply liberally by means of a brush with an agitating motion. Allow the DEGREASING SOLVENT to stand for 2 to 3 minutes; keep wet contact and do not allow to dry out. Thoroughly rinse with copious amounts of clean water whilst scrubbing the surface or alternatively high pressure water wash. Test for water break-free surface and repeat if necessary. Treat small areas at a time to allow for better control.

Please note: Take care as SABRE DEGREASING SOLVENT may damage existing acrylic coatings and plant growth.

---

## DISCLAIMER

---

*The technical information contained in this document are given in good faith and are meant to be used as a guideline by the specifier or user. Whilst we are confident about the quality of our products, we cannot accept any liability for the incorrect use or application of our products. Surface preparation forms an integral part of the scope of works and it is expected that the highest standards are maintained during surface preparation and application, to ensure that our products perform as intended. Always ensure to use the same product batch numbers, refrain from doing spot touch-ups and paint surfaces from corner to corner to prevent colour and sheen variance.*
