<b>TYPE</b>	Solvent with emulsifying capability.
<b>APPEARANCE</b>	Clear yellowish liquid
<b>SPREADRATE</b>	8 -10 m <sup>2</sup> /ℓ (Depending on surface porosity)
<b>FLASH POINT</b>	38°C
<b>PACK SIZE</b>	1ℓ, 5ℓ and 25ℓ
<b>STORAGE</b>	Store away from direct sunlight, heat and severely cold or damp conditions. Ensure that containers are properly sealed before storage.

---

## APPLICATION DETAILS

---

<b>APPLICATION METHOD</b>	Brush
<b>THINNING</b>	Do not thin
<b>CLEANING OF EQUIPMENT</b>	Water
<b>SAFETY PRECAUTIONS</b>	Ensure good ventilation during use. Keep out of reach from children. Wearing protective clothing when handling this product. (I.e. Plastic gloves, proper eye protection, footwear and clothing) In case of skin contact, wash with ample water. In case of eye contact rinse immediately with running water and seek immediate medical attention. Harmful if swallowed, do not induce vomiting and seek medical attention. Always wear the appropriate protective clothing during product handling and application. Refer to Material Safety Data Sheet on our website for more detailed safety information.

---

## APPLICATION

---

Apply liberally by means of a brush with an agitating motion. Allow the DEGREASING SOLVENT to stand for 2 to 3 minutes; keep wet contact and do not allow to dry out. Thoroughly rinse with copious amounts of clean water whilst scrubbing the surface or alternatively high pressure water wash. Test for water break-free surface and repeat if necessary. Treat small areas at a time to allow for better control.

**Please note:** *Take care as SABRE DEGREASING SOLVENT may damage existing acrylic coatings and plant growth.*

## DISCLAIMER

---

*The technical information contained in this document are given in good faith and are meant to be used as a guideline by the specifier or user. Whilst we are confident about the quality of our products, we cannot accept any liability for the incorrect use or application of our products. Surface preparation forms an integral part of the scope of works and it is expected that the highest standards are maintained during surface preparation and application, to ensure that our products perform as intended. Always ensure to use the same product batch numbers, refrain from doing spot touch-ups and paint surfaces from corner to corner to prevent colour and sheen variance.*
